DETAILED ACTION

Response to Amendment

1. Applicant's request for reconsideration filed 2/13/02 have been entered and carefully considered. Applicant's arguments are not found persuasive of patentability for reasons set forth herein below.

Election/Restrictions

2. This application contains claims 1-5 and 10-15 drawn to an invention nonelected without traverse in Paper No. 3. A complete reply to the final rejection must include cancelation of nonelected claims or other appropriate action (37 CFR 1.144) See MPEP § 821.01.

Claim Rejections - 35 USC § 102

3. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

4. Claims 6-9 are rejected under 35 U.S.C. 102(b) as being anticipated by Giacometti (EP 737462), as set forth in the previous action.

Applicant has not amended the claims in an attempt to overcome the prior art. Applicant argues that Giacometti fails to disclose applying the adhesive composition in a "pattern." However, Giacometti teaches the adhesive to be applied in a patter of strips (col. 5, lines 3-12). The examiner notes that applicant's claims do not require any particular type of pattern. Said rejection is maintained from the last action.

Conclusion

5. THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
